GIFT GUIDE NO. 4

BEARPETWORTH.COM

Summer 2022

We are pleased to enclose our latest BEAR Gift Guide No 4, which illustrates a selection of our new stock and core ranges.

Our aim, first and foremost, is to be the best shop we can be for our local customers, and to make gifting easy. You pick from our carefully chosen selection of pieces and we will do the rest, including complimentary gift wrapping, along with click-and-collect from the shop or free local delivery. Parcels can be sent by post or courier, which we will do in the most cost-efficient way.

Highlights this season include new Danish ceramic and glass pieces by Kähler, Bjørn Wiinblad, Holmegaard and Lyngby, and rechargeable table lighting by Rosendahl. We have also received beautiful blue and white ceramics from Multan in Pakistan and Japanese style cast iron teapots and intricately decorated tea caddies. We have introduced more lines by David Mellor, including sets of knives in fitted boxes, perfect for wedding gifts or for your home. We have just received many colourful designs of our Italian photograph frames that are made for BEAR and we have the latest drop of limited edition magician's cards from DMC Magic.

Thank you for your continued support and encouragement. Every single day we learn something new and your feedback is vital.

We look forward to welcoming you to our Petworth shop.

MELIN TREGWYNT

Melin Tregwynt, a small white washed woollen mill, can be found in a remote wooded valley on the Pembrokeshire coast. There has been a mill on this site since the 17th Century, when local farmers would bring their fleeces to be spun into yarn and woven into warm Welsh wool blankets. Today Melin Tregwynt weaves beautiful Welsh blankets and accessories that combine authentic Welsh tradition with innovative and modern design.
